Harvard students live in a residential setting that fosters both social and academic interactions among peers and mentors. During their first year, students live in historic Harvard Yard at the center of campus. As upper-level students, they then spend three years in one of twelve undergraduate Houses, which are tight-knit communities of students and faculty members. Harvard guarantees on-campus housing to undergraduates for all four years, and students enjoy an unlimited meal plan.

We welcome applicants from all over the world.

OUR ADMISSIONS PROCESS AND FINANCIAL AID POLICIES ARE THE SAME FOR ALL APPLICANTS, REGARDLESS OF NATIONALITY OR CITIZENSHIP.

Admissions

We seek promising students who will contribute to the Harvard community during their college years and to society throughout their lives. While academic accomplishment is important, the Admissions Committee considers many other factors—your contribution to community, special talents or excellences of all kinds, varied perspectives, and the ability to take advantage of available resources and opportunities.

100% of our students can graduate debt-free.

25% of our students attend Harvard College for free.

\$0 is the total parent contribution for families with typical assets and an income of under \$100,000.

Financial Aid

Applying for financial aid does not jeopardize any student's chance for admission, including international applicants. All of Harvard's financial aid is awarded on the basis of demonstrated financial need—there are no academic, athletic, or merit-based awards. Harvard meets 100% of demonstrated need of every student for all four years.
